Amendments									
Aiken	SC-8	Hitchcock Parkway	Various operation improvements to include, but are not limited to the construction of turn lanes, paves shoulders, passing lanes and sign improvements	Operational improvements			9/2/2015	Re-ranking of project with justification to prioritize it above higher ranked projects currently in the 2035 LRTP so it can be programmed into the ARTS 2015-2018 TIP.	Citizens wanted to know where the turn lanes would be located for the corridor improvements on Hitchcock Parkway. The final locations of the turn lanes and intersections are still going through the design phase and have not been finalized. This road leads directly into the part of the City of Aiken where it continues to see new development. There will be no economic vitality with failure to accommodate increased traffic.
